ENGLISH BUTTER BISCUITS

The Right Honourable
The 6th Earl Grey

ABOUT EARL GREY “My ancestor, the 2nd Earl Grey, when he was Prime Minister of Britain in 1832, allowed his name to be used for the Earl Grey style of tea from China. Today, I am delighted to associate my family name with these premium quality bakery products. In many countries tea is already enjoyed with my delicious English butter biscuits, unique cookie characters and all butter shortbread. I am certain that Earl Grey’s English Biscuits will be an excellent addition to your product range.”
